The Wisconsin Chapter of the National Association of Professional Organizers to Participate in National GET ORGANIZED MONTH - JANUARY, 2009

National *Get Organized Month*, sponsored by the National Association of Professional Organizers (NAPO), will kick off in January 2009. *Get Organized Month* celebrates the benefits of organization and working with NAPO professional organizers. Last year, NAPO professional organizers provided organizing services to more than 125,000 residential and commercial clients – from home and business organizing to information and time management to coaching, training, and more.

A NAPO professional organizer can help you take control of your time, paper, and systems for life. Here are just a few examples:

At home

- Bring order, calm, and control to your home and family life.
- Save money by organizing your bills, your shopping, and your clothing.
- Get more done in less time.
- Put your house in order so you can find what you need, when you need it.

At work

- Bring structure, logic, and control to your organization, at any level.
- Optimize workflow to increase productivity, reduce stress, and improve profitability.
- Build companywide systems or define responsibilities for a single employee.
- Motivate your team with real solutions to the everyday challenges of too much to do, changing priorities, and information overload.

Why hire a NAPO professional organizer?

A NAPO professional organizer will design and teach you how to use systems and processes based on established organizing principles. These organizing solutions are tailored to meet your organizing needs, now and in the future.
